ANNEXURE –I

(Annexure to G.O.Rt.No.329, PR&RD (Vig.I) Dept., dt.06.05.2017)

STATEMENT OF ARTICLES OF CHARGE FRAMED AGAINST SRI CHANDU JHADAV, DY. EXECUTIVE ENGINEER, QUALITY CONTROL, PANCHAYAT RAJ, SUB-DIVISION NIRMAL, ADILABAD DISTRICT.

CHARGE-I:

Sri Chandu Jhadav, Dy. Executive Engineer, Quality Control, PR Sub-Division Nirmal, Adilabad District has failed to have his knowledge of the fact that the roads were constructed in a barren land instead of executing the work in SC/ST Colonies and the Dy. Executive Engineer did not report to his superiors viz. Executive Engineer, Quality Control or Chief Engineer Quality Control or Engineer-in-Chief, PR. The quality of the works are very poor. Horizontal cracks were observed in many places on the above roads and the drains constructed were not as per designs issued by the Head Office. The drains became prime mosquito breeding grounds. He failed to point this out in his reports. He also failed to identify the fact that the drains would not be useful even if houses were constructed there in the future. The report submitted by him is nearly formality and it shows no signs of any expertise. The works needs to be checked again by superior officers with field tests regarding the accuracy of quality and utility of the works. Thus, he failed to discharge his duties diligently and the charge of lethargy attitude and slackness on his part.

CHARGE II:

Sri Chandu Jhadav, Dy. Executive Engineer, Quality Control, PR Sub-Division Nirmal, Adilabad District has inspected the works executed by the field officers in an unscientific manner. The quality of these works also need to be rechecked by the superior officers. Hence, the charge of hiding the facts to his higher authorities that the works were not carried out in a scientific manner. Hence, the charge of misguiding/inefficiency on his part.

CHARGE III:

Sri Chandu Jhadav, Dy. Executive Engineer, Quality Control, Panchayat Raj, Sub-Division Nirmal, Adilabad District has failed to inspect above (4) works and to submit proper report on the works. The report submitted by him was very vague. It is clear from the above fact, he has failed to perform his duty as a responsible public servant. It is mandatory required under the rules of the Government that any such inspection should be meticulous and that any such report should be comprehensive in writing. The Dy. Executive Engineer failed to do so. Even the report submitted by him shows a decisive lack of technical expertise on his part. Thus, the report needs to be reviewed again. Thus, he violated to discharge his duties as a responsible Government servant and the charge of carelessness and negligence on his part in discharging his official duties.

Basis:

During the inspection of Commissioner, Rural Development along with the Dy. Executive Engineer, Quality Control Wing of PR, Department and PD, DWMA, Adilabad District for the following works are executed in the year 2014 under MGNREGS Scheme.

Sl.No.	Name of the work	Estimated cost (Rs. In lakhs)	Actual Expenditure (Rs. In lakhs)
1	Construction of Internal Roads with CC Drains at Indiramma Colony (SC) Bit-1, Tanur (GP)	48.56	48.53

2	Construction of Internal Roads with CC Drains at Indiramma Colony (SC) Bit-2, Tanur (GP)	19.62	19.53
3	Construction of Internal Roads with CC Drains at Fakir Naik Thanda, Sirpalle (GP)	49.98	29.33
4	Construction of Internal Roads with CC Drains at Sirpalle (GP)	20.33	18.1

The work at Sl.No.1 & 2 were executed at a place where there are no habitation of SC/ST Colonies in an absolute vacant place of land which was proposed to be a housing colony. As per the guidelines, the work internal roads and drains is permissible only in SC/ST habitations where there is atleast 50% of SC/ST households. But, whereas the above works executed in a place where there was no habitations. In the list of proposed allotment of house-sites given by the MRO, it was observed that over 75% of the proposed allottees are from BCs and OCs, and the same clearly shows that the Executive Engineer, Sri J.Venkat Rao has deliberately made an attempt to circumvent the guidelines under the guise of SC Colony with the intension of just spending money for his apparent personal benefit without seeing whether money spent is useful or not and whether the guidelines are adhered to or not, and the net result of his action is a wasteful expenditure of Rs.68.00 lakhs of tax payers money.

The works at Sl.No.3 is incomplete. But the execution of the work is very substandard for which an amount of Rs.29.33 lakhs has already been spent. The CC Drain have been constructed very unscientifically without any layout plan made on a paper and without considering the slopes, and the drain appears as if they were contour trenches resulting in stagnation of rainwater and have become mosquito breeding centres, and therefore the people are very anguished about mosquito menace and unhygienic conditions created by the drains. The design plan and execution of CC drain in this habitation are highly unscientific and out of place and appear to have been made just to spend money without regard to utility and the purpose of which they are meant. In the road component also the execution is also highly substandard.

The work mentioned at Sl.No.4, the CC drain appears to have been laid routinely without layout plan and without application of mind.

It has also been observed that the Executive Engineer, PR Sri J. Venkat Rao, has drawn the large amounts of money upto Rs.20.00 lakhs in a single transaction towards the cost of materials directly into his account instead of GP Account or Supplier's Account on the pretext that he has allowed the departmental execution by the Rural Development Authorities. The Executive Engineer has taken money in his account later he gave cheque to the Dy.EE who in turn gave from his account to a AE and AE drawn and paid the amount in cash to the supplier in huge quantities even up to Rs.7.00 lakhs and above in a single transaction by signing and endorsing on the vouchers as "Paid by me ". The total transaction of his division for the past 2 ½ years is about Rs.20.00 Crores and the same is clearly shows irregular and in violation of financial norms and defeat the basis objectives of EFMS and also lack of transparency observed.

Therefore, Sri Chandu Jhadav, Dy. Executive Engineer, Quality Control, Panchayat Raj, Sub-Division Nirmal, Adilabad District has failed to discharge his legitimate duties. Thus his action is in violation of TCS (Conduct) Rules, 1964.

Hence the charge.
